ROLES AND RESPONSIBILITIES

Senior Support Engineer | Duration: Oct 2022 - Oct 2023 **VRIZE Technologies PVT, Bengaluru, India.**

- Actively engaged with clients to diagnose and validate the root causes of technical issues, ensuring timely resolutions and high levels of client satisfaction.
- Evaluated and implemented advanced technologies that enhanced the overall effectiveness of the support team, resulting in a measurable reduction in resolution times.
- Led the upgrade of operating systems and applications, improving compatibility with existing programs and enhancing overall system performance.
- Fostered strong relationships with vendors to facilitate the sourcing of critical components, enabling prompt resolution of complex technical challenges.
- Developed and utilized structured troubleshooting methodologies, achieving a 20% improvement in incident resolution times.
- Diagnosed and resolved intricate hardware, software, and network issues, ensuring minimal downtime and maintaining operational efficiency.

Workflow Analyst | Duration: Mar 2022 - Jul 2022 **Sri Mookambika Infosolutions, Coimbatore, India.**

- Designed and implemented visual process maps that clarified operational steps, thereby enhancing communication and efficiency across teams.
- Collaborated effectively with cross-functional teams to ensure the successful implementation of configuration changes, resulting in improved system performance.
- Led project management initiatives by defining and presenting comprehensive system solutions and timelines that aligned with business objectives.
- Conducted regular audits and system updates, achieving a 15% increase in system stability and reliability.
- Researched and analyzed industry trends, integrating innovative practices that positioned the organization ahead of its competitors.
- Assisted in the deployment of new hardware and software upgrades, ensuring operational continuity with minimal disruption.

Problem Management Support Engineer | Duration: Feb 2021 - Mar 2022 **AES, Coimbatore, India.**

- Administered and optimized databases, proactively identifying and resolving issues, which resulted in a 30% reduction in downtime.
- Successfully installed and configured middleware solutions across both Linux and Windows environments, thereby enhancing system interoperability.
- Managed database upgrades and migrations with precision, ensuring minimal user impact while maintaining data integrity throughout the processes.
- Collaborated with teams to develop disaster recovery plans, thereby strengthening organizational resilience against potential disruptions.
- Effectively communicated departmental goals and industry trends, fostering a culture of transparency and alignment with organizational objectives.

Process Inflow Analyst | Duration: Dec 2017 - Feb 2021**TCS, Chennai, India.**

- Developed comprehensive financial models for potential acquisition targets, offering crucial insights that guided strategic business decisions.
- Created and maintained detailed project plans, ensuring strict compliance with timelines and budgetary constraints.
- Supervised packing operations, verifying adherence to specifications, which resulted in a 25% improvement in overall quality and a reduction in errors.
- Generated extensive reports that documented findings and provided actionable recommendations, facilitating informed decision-making processes.
- Conducted rigorous testing of financial models to ensure their reliability and applicability, thereby enhancing their relevance in practical scenarios.

Process Executive | Duration: May 2016 - Nov 2017**CTS, Coimbatore, India.**

- Led significant organizational development initiatives focused on macro-level enhancements to business processes, which markedly improved overall operational efficiency.
- Collaborated with multiple teams to assess current process performance and implement targeted improvements, achieving a 20% increase in productivity.
- Identified and resolved bottlenecks within processes, thereby streamlining operations and enhancing service delivery.
- Cultivated strong relationships with stakeholders through effective communication and timely outcomes, promoting collaboration and trust.
