

Soundarya Chellamuthu

Technology Trainer | Transitioning to Advanced Tech Solutions

A highly motivated professional with 2 years of experience as a corporate trainer at Adroit Technologies in partnership with IBM and Oracle. Proven ability to deliver successful learning programs by leveraging strong communication, client relationship management, and project management skills. While excelling as a trainer, there are areas I haven't fully explored, fueling my eagerness to switch roles and pursue new challenges to achieve personal and professional growth.

WORK EXPERIENCE

Corporate Trainer Adroit Technologies

05/2023 - Present

Coimbatore

Leveraged corporate training expertise at Adroit Technologies, an IBM and Oracle partner, to deliver tailored learning solutions that enhance employee proficiency in technology practices, improve organizational capabilities, and drive business success. Gained hands-on expertise in IBM and Oracle technologies through involvement in Naan Mudhalvan projects and effectively applied this knowledge in FDP programs, providing practical and impactful training sessions.

PERSONAL PROJECTS

Hostel Database Management System (03/2021 - 05/2021)

- Efficiently manage hostel operations with a robust Database Management System powered by PHP and MySQL. Seamlessly track student occupancy, room allocations, and administrative tasks, enhancing organization and efficiency within the hostel environment.

Smart Street Light Management System (IOT-Simulation) (01/2023 - 04/2023)

- Implement a cutting-edge smart street light management system utilizing IoT simulation within Proteus. This system integrates sensor data and real-time controls to optimize energy usage, enhance safety, and facilitate remote monitoring and management of street lighting infrastructure, ensuring efficient urban operations.
