SUMMARY

Skilled Microsoft Dynamics 365 Business Central Technical Consultant with 3+ years of experience in developing and customizing end-to-end ERP solutions. Proficient in AL and C/AL, with a strong track record in building extensions, integrating third-party systems, and supporting business process optimization. Focused on delivering reliable, high-performance ERP systems that meet diverse client requirements.

WORK EXPERIENCE

Associate Programmer Analyst, Karya Technologies

01 Jul 2022 - Present

- Delivered tailored ERP customizations in Microsoft Dynamics 365 Business Central/NAV using AL and C/AL, with hands on expertise in designing tables, Pages, Extensions, Reports and Queries.
- Engineered scalable AL extensions for both on-premises and cloud deployments, improving system adaptability across client environments.
- Developed key customization, integration, and data migration initiatives to align ERP solutions with evolving business needs
- Crafted and enhanced SSRS reports (RDLC and Word Layouts), ensuring accurate and insightful reporting
- Built and deployed API and Web Services (SOAP, OData) for seamless integration between business central and external applications.
- Collaborated with cross functional teams to perform gap analysis and propose industry specific solutions.
- Worked on upgrade projects migrating Microsoft Dynamics NAV (various versions) to the latest Dynamics 365 Business Central versions, both On-Premises and Cloud (SaaS)
