PROFILE SUMMARY

Detail-oriented and analytically driven SAP B1 Functional Consultant with 4+ years of experience in the SAP ecosystem, including hands-on participation in 3 full-cycle SAP Business One implementations supporting 200+ end users. Brings a solid foundation in accounting, leveraging previous experience as an Accounts Payable Analyst processing +1000 invoices monthly, ensuring accurate financial integration within ERP processes. Adept at gathering and analyzing business requirements across 5+ departments, configuring SAP B1 modules (Finance, Sales, Purchasing, Inventory, and Banking), and delivering solutions that have improved operational efficiency by up to 30%. Proven track record of developing 50+ custom reports and resolving 100+ system issues, significantly enhancing decision-making and system stability. Known for bridging the gap between functional and technical teams, driving high user adoption rates through effective training and documentation.

PROFESSIONAL EXPERIENCE

SAP B1 Functional Consultant

CCS Technologies Pvt Ltd, Kerala, India | 10/2023 – Present

- Contributed to 3 full-cycle SAP B1 implementations, supporting all phases from requirements gathering to go-live, improving operational efficiency for over 200 users.
- Configured core SAP B1 modules including Finance (GL, AR, AP), Sales, Purchasing, Inventory, and Banking, ensuring alignment with the needs of 5+ departments.
- Migrated master data for 10,000+ records across key business functions, achieving 99.9% data accuracy during transition and system cutover.
- Developed 20+ Crystal Reports and 30+ SQL query reports, enhancing business intelligence and supporting timely decision-making.
- Resolved 100+ post-implementation issues, improving system stability and maintaining 95%+ user satisfaction.
- Delivered 10+ training sessions and created comprehensive documentation that accelerated user adoption and reduced support queries by 30%.
- Collaborated with 50+ end users to analyze processes, translating functional requirements into optimized SAP B1 configurations and enhancements.

Accounts Payable Analyst

Mantle Solutions Pvt Ltd Kerala, India | 04/2021 – 10/2023

- Processed and validated 500+ supplier invoices monthly by matching them with POs and GRNs, ensuring 100% compliance with procurement policies.
- Identified and resolved discrepancies in 10–15% of invoices, involving quantity, pricing, or tax issues, by liaising with vendors and cross-functional teams.
- Investigated and cleared 100+ blocked or parked invoices per quarter, reducing payment delays and improving vendor relationships.
- Supported monthly and year-end closings by ensuring all invoice entries were complete, contributing to timely and accurate financial reporting.
