OBJECTIVE

Microsoft Dynamics 365 Business Central Technical Consultant with 3+ years of experience in AL development, custom extensions, API integrations, and implementation. Skilled in designing scalable, high-performance solutions for multi-company environments with strong debugging and technical support capabilities.

SUMMARY

- Installation and configuration of Microsoft Dynamics 365 Business Central (On-Prem & Cloud).
- Hands-on experience in Dynamics 365 Business Central (Cloud & On-Prem & Nav).
- Experience connecting BC instance with VS Code and working with extensions.
- Development of Tables, Table Extensions, Pages, Page Extensions, Codeunits, and Reports using AL.
- Basics with RDLC Reports, Document & List reports, and custom layouts.
- Experience working with Business Central APIs, JSON, Web Services, and data exchange.
- Deployment, publishing apps, and extension lifecycle management.

TECHNICAL SKILLS

ERP: Microsoft Dynamics 365 Business Central

Languages: AL, JSON, CAL

Tools: Visual Studio Code, Azure DevOps, Postman, PowerShell

Database: SQL Server

Operating Systems: Windows

Reporting: RDLC, Word Layouts

PROFESSIONAL EXPERIENCE

Dynamics eShop (Dec 2023 – Present | Hyderabad, Telangana | On-site)

Role: Microsoft Dynamics Business Central Developer

- Developed AL extensions for eCommerce integrations with Business Central.
- Worked on customer, item, inventory, pricing, and order synchronization processes.
- Created scheduled automation jobs using codeunits and event subscribers.
- Implemented JSON integrations and REST API communication.
- Developed custom pages, reports, workflows, and business logic.
- Provided production support and hotfix deployments.
- Converted CAL to AL using the Txt2AL tool.
- Participated in Business Central upgrade and migration activities.

MindQuad Solutions Pvt Ltd (Jan 2023 – Nov 2023 | Ahmedabad, Gujarat | Remote)

Role: Associate Technical Consultant

- Developed AL extensions: tables, pages, codeunits, and reports.
- Analyzed standard vs. custom requirements and generated AL files.
- Developed RDLC reports, layouts, and automation modules.
- Supported multiple BC implementation and deployment cycles.
- Participated in requirement analysis with functional teams.
