EXPERIENCE

- | | |
|----------------------|--------------------|
| •Kanoo Elite | Oct 2024 - Present |
| Technical Consultant | Chennai, India |
- **Implemented, customized, and supported** Microsoft Dynamics 365 Business Central solutions across **Travel, HRMS, Manufacturing, Retail, and Finance** domains.
 - Designed and developed **custom modules, API pages, external system integrations, XML Buffer-based data import solutions, AL extensions, and complex RDLC reports** to meet business and regulatory requirements.
 - Acted as the **primary point of contact** for clients, independently managing customer discussions and clearly explaining technical processes and system workflows
 - Provided **UAT support, go-live assistance, and post-production support** ensuring solution stability and user adoption.

PROJECTS

- **Travel and Tourism Client, Middle East**
D365 BC Technical Implementation
 - Integrated Microsoft Dynamics 365 Business Central with an **external ticketing system** using **API pages** and **XML Buffer based data imports**.
 - Ensured smooth **data transformation, validation, and mapping** to maintain integrity and traceability.
 - **Automated** the **BC process** ticket sales, airline purchases, and financial postings including cancellations and reversals.
- **Human Resources Management Client, KSA**
D365 BC Technical Development and Functional Support
 - Served as the **primary technical and functional point of contact**, independently managing customer discussions, requirement gathering, and process walkthroughs.
 - Worked for Implementation and customization of **Payroll module** in Microsoft Dynamics 365 Business Central.
 - Developed **salary processing** including salary order, employee contracts, payslips (reports) and configurable **salary components** (Basic, HRA, Food Allowance, etc.)
 - Designed and developed **financial documents and reports** including **Sales, Purchase, and Tax Invoices**, supporting **bilingual output (English & Arabic)**.
- **Retail/ Trading Client, KSA**
D365 BC Technical Implementation
 - Designed and developed an end-to-end **Letter of Credit (LC) and Bank Guarantee module** in Microsoft Dynamics 365 Business Central.
 - Implemented validations to support **using a single LC across multiple Purchase Orders**, including tracking of **utilized and remaining LC amounts**.
 - Developed LC lifecycle management including **issuance, expiry tracking, partial utilization, and LC closure**.
 - Automated **LC-linked payments** with correct **General Ledger impact**, including posting of **bank charges, LC payments, and related financial entries**.
- **Retail Client, KSA**
D365 BC Functional Implementation
 - **Configured core modules** in Business Central to align with Sultan Delight's business processes.
 - Handled **data upload and migration** activities, ensuring data accuracy and integrity during transition.
 - Conducted **system testing** and provided **Go Live UAT (User Acceptance Testing) support** to ensure functional readiness.
