WORK EXPERIENCE

Associate Consultant Kanoo Elite

10/2024 - Present

India

Achievements/Tasks

- Delivered end-to-end Microsoft Dynamics 365 Business Central implementations across Retail, Trading, Manufacturing, Finance, Insurance, and HRMS domains.
- Built and customized AL extensions, business modules, and advanced RDLC reports to address business and regulatory needs.
- Designed Excel Buffer-based data imports and developed API integrations for seamless connectivity with external systems.
- Worked closely with functional consultants and business stakeholders to translate requirements into scalable technical solutions.
- Supported UAT, go-live, and post-production phases, ensuring system stability and high user adoption.
- Led customer discussions independently with functional knowledge, clearly explaining technical workflows and system processes when functional support was unavailable.

Cyber Security Intern TechByHeart

05/2023 - 06/2023

Kochi, India
