WORK EXPERIENCE

Kanoo Elite India Pvt. Ltd.

Associate Technical Consultant

Chennai, TN
Oct 2024 – Present

- Developed and customized ERP solutions using AL programming language for Microsoft Dynamics 365 Business Central.
- Designed, implemented, and tested technical modifications to meet client-specific requirements.
- Provided technical support and resolved issues in Business Central, ensuring smooth system operations.
- Collaborated with functional consultants to understand business needs and translate them into technical specifications.
- Worked on integrating third-party applications with Business Central to enhance system functionality.
- Gained a foundational understanding of Business Central functional processes, including financials, supply chain, and manufacturing.
- Documented technical designs, modifications, and user guides for future reference and client support.

UNIVERSITY PROJECTS

BookWise

Dec 2023 - Feb 2024

- Developed a Library Management System with a modern user interface for backend operations, user authentication, book management, and database operations of over 100 records.
- Created a secure login feature allowing 2 authorized users (librarians and patrons) to access accounts and utilize system functionalities securely.
- Technology: HTML, CSS, JavaScript, NodeJS, Bootstrap, MongoDB
- Link: <https://main--remarkable-axolotl-6c458a.netlify.app/>

Complaint Tracker & Resolution System

Aug 2023 – Nov 2023

- Developed a full-stack web application for efficient complaint management using React (frontend), Spring Boot (backend), and MySQL (database).
- Implemented a pin-code based system to streamline complaint routing and resolution, ultimately leading to a notable 20% decrease in average response time across the platform.
- Technology: HTML, CSS, JavaScript, NodeJS, ReactJS, MongoDB
- Link: <https://github.com/11harsharora/Complaint-Redressal-System>
