PROFESSIONAL SUMMARY

Results-driven **D365 Business Central Techno-Functional Consultant** with **4+ years of experience** seeking to leverage advanced expertise in **AL development, Power Platform (BI, Automate, Apps), and API integrations** to deliver high-impact ERP solutions. Committed to optimizing business processes through scalable technical architecture and seamless cloud migrations.

PROFESSIONAL SUMMARY

- **Senior Techno-Functional Consultant** with over 4+ years of experience in **Dynamics 365 Business Central** (SaaS and On-Premises).
- Expert in **AL Programming** and **VS Code development**, specializing in **End-to-End Module development** and complex system architecture.
- Good Knowledge in the **Power Platform**, utilizing **Power BI** for reports, **Power Automate** for workflow automation, and **Power Apps** for custom solution extensions.
- Deep technical expertise in **Event Subscribers** and managing application lifecycles through **Azure DevOps** and **Git**.

TECHNICAL SKILLS

- **ERP Core:** Dynamics 365 Business Central (Cloud/On-Prem), Dynamics NAV.
- **Development Tools:** AL, C/AL, Visual Studio Code, Debugging, Runtime Error Handling.
- **Reporting:** RDLC Report Development/Enhancements, Word Layouts, Query Logging Systems.
- **Functional Domains:** Finance, Manufacturing (Production), Sales, Purchase, Inventory, and HRMS.
- **Power Platform:** Basic knowledge in Power BI (Dashboards), Power Automate (Flow), Power Apps, Dataverse.
- **Integration & Data:** Basic Knowledge in API Development (REST/OData), Azure DevOps, Git, Staging Tables.

PROFESSIONAL EXPERIENCE

Techno-Functional Consultant | Kanoo Elite – Chennai | Feb 2025 – Present

- Lead the implementation of the **Business Central Production Module**, configuring complex **Workflow Step Instances** for controlled approvals and manufacturing processes.
- Developed a **Custom Estimation and Measurement Module**, utilizing **RecRef** and **Variant** handling in AL to ensure seamless data flow to Sales documents.
- Integrated **Power Automate** to trigger external notifications and approval requests based on Business Central workflow events.
- Managed **Third-Party Integrations** (Furson), utilizing **Staging Tables**, validation logic, and secure data processing for external data exchange.

- Designed advanced **Trial Balance Reports** and structured **Query Logging Systems** to improve system auditability and user issue tracking.

Business Central Developer | Azzite Solutions – Kochi | Oct 2023 – Feb 2025

- Delivered end-to-end **Finance Module** enhancements, focusing on custom **Consolidation Reports** for subsidiary companies and Subsidiary-to-Parent data mapping.
- Enhanced **Customer Credit Limit** functionalities and automated employee-based bank distribution invoicing through custom AL logic.
- Utilized **Power BI** to create dashboards for financial analysis, providing stakeholders with real-time insights into distribution and credit trends.

Associate Software Developer | coMakeIT | Oct 2021 – June 2023

- **ISV & Trade Solutions Development:** Engineered and maintained specialized **ISV solutions** for the Netherlands market, focusing on **Workflow Status Management** and complex **Price/Discount prioritization** logic built on the Business Central V16 pricing engine.
- **Returns Management (RMA) Optimization:** Streamlined logistics by developing a custom **RMA module** that coupled Sales and Purchase documents, automating the synchronization of return shipments and credit memos.
- **Sales Margins Architecture:** Designed and implemented a **Sales Margins Module** allowing users to assign and post specific cost categories—including transport, harbors, and handling fees—directly to customer transactions for enhanced profitability tracking.
- **Advanced Code-Based Reporting:** Developed high-performance **Code-Unit based reports** that utilized complex filtering and data modeling to generate prioritized business insights based on dynamic customer datasets.
- **Full Lifecycle Contribution:** Participated in the complete redesign of legacy products, transitioning features to modern **AL-based extensions** and ensuring compatibility across different Business Central versions.

EDUCATION & CERTIFICATIONS

- **Master of Computer Applications (MCA):** Acharya Nagarjuna University, Guntur (Graduated 2021).
- **Certified:** Microsoft Dynamics 365 Business Central Developer Associate (MB-820).
- **Certified:** Microsoft Dynamics 365 Business Central Functional Consultant (MB-800).

PERSONAL DOSSIER

- **Languages known:** English, Telugu and Tamil.
- **Date of Birth:** 07 - Aug – 1996.
